

LIGHTS

ON

Don't make your absence
easy for burglars to spot!

Leaving a couple of lights on in your home will help to make it look occupied.

Invest in some timer switches. These will turn lamps and radios on and off for you.

Gadgets are available which fit into bayonet light fittings which will turn your main lights on and off.

Help keep your energy bills down by using energy saving light bulbs.

Thieves are more likely to target homes which appear unoccupied.

Secure your home by locking all windows and doors before you go out.

Only tell the people who you trust if your home will be empty for a period of time.

Now you have made your home more secure, share this information with your friends and family.
